BRIEF ABSTRACT OF LETTER.

Formed the above memorial, and while stating
that the working of the farm would be impossible if
the prayer is granted, suggests the formation of a
horticultural suburb.

NOTES AND ORDERS.

The Sunnarkal Tank bed was breached
and handed over to the Supdt. Govt. Gardens
in 1909 to enable him to carry on experimental
work in fruit and vegetable culture. ~~Since~~

2 The present representation is for the grant of about 70 acres of land to the Thigalans for cultivation on permanent tenure.

3 This question was urged more than once by the Municipality and at the R. A. and it was considered undesirable to give any portion of the farm to the Thigalans, especially as the farm has been brought to its present condition at a very heavy outlay. The Imp. Govt. Gardens ~~also~~ opposes the prayer of the Sangha and suggests the formation of a Horticultural Suburb; the proposal may perhaps be referred to the Agricultural Board for opinion.

4 Subd for orders with ref. to G. 2. 27. 

The prayer of the Thigalan Sangha, is not acceptable.

7 I don't think the matter can be dismissed so summarily. The Thigalans (i.e. the Valmiki Kshatriyas as they prefer to call themselves) have gradually lost the gardens they possessed, through no fault of theirs. They are expert gardeners as everybody knows & are now in danger of losing their occupation. I am not sure that the expts in Summat

Farm require the whole of the land available there, or that they are - all things considered - entitled to unquestioned precedence over the human claims of a whole community of professional ~~business~~^{market} gardeners. It is probable that a compromise can be effected, reserving part of the land to the Gardens Dept, & throwing open a part for cultivation by Thipalans, ^{in whose} The Gardens Dept ^{itself} may lease out the land to the Thipalans.

The question is one which has best be considered before the April Bd, where the Supdt G.G. will also be present

Subject:— Proposals for the acquisition of certain lands at a cost of Rs.30,000 for the Government Horticultural Farm at Bangalore.

The garden lands round about the Bangalore City, owned by Thigalars, were acquired in connection with the various schemes of City improvement. As a result, a large number of Thigalar families who were engaged in market gardening in the City were deprived of their holdings. The question of providing other lands for them having been repeatedly^{*} urged, it has been under consideration for some time. The need for making satisfactory arrangements for the proper disposal of sewage water has also been under consideration.

With a view to relieve the hardship caused to the Thigalars and to the proper utilization of the surplus sewage water after meeting the requirements of the Sunkal Farm, the Director of Horticulture has submitted the following proposals: —

- (i) To acquire an area of 52 acres and 22 guntas of land in Adagodi village, Begur Hobli, Bangalore Taluk, situated close to the Sunkal Farm, which is acceptable to the Thigalars.
- (ii) To lay out the said land into suitable plots and grant them to Thigalars on temporary leases in the first instance, the question of transferring these lands permanently being taken up for consideration later on.

The total cost of the acquisition is estimated at Rs. 32,650 and an annual rental of about Rs.2,500 is expected to be realised when the lands are leased out.

It is proposed to accept the scheme suggested by the Director of Horticulture and to sanction a sum of Rs.30,000 for the

2.

the acquisition of the said lands, for which a demand will be placed before the next Session of the Legislative Council.

The details of the scheme have been embodied in a draft Government Order in the file.

The proposals contained in the draft Government Order have been approved by the other Members of Council and may graciously be sanctioned.

Sir

In forwarding herewith a Memorial sent by the members of the Mysore Vanhikula Kshatriya (Thigalara) Sangha, Bangalore City to the Dewan of Mysore praying for the grant of 70 acres of land in the Horticultural Farm for cultivation on permanent tenure, have the honor to state as follows:-

The resolution of the Bangalore City Municipal Council to grant the above area to Thigalars on a long lease was referred to this Department by the Revenue Secretary to Government with his letter No.I.C.1378/A & E.283-23-2 dated 27-8-1926. A reply was in this Office letter No.519 dated 1-11-1924 dealing with the question in great detail. Government have decided in their order No.I.C.5782-5/A & E.283-23-4 dated 27th February 1925, after reviewing the whole case, that this valuable Government property cannot be given to them, as it is required for seed production for demonstration purposes and as the expenditure on Government will be very heavy if the farm which is now a paying concern is limited to 10 acres.

I took the opportunity of finding out the views of the general mass of Thigalars in this matter when I presided over the Annual meeting of the Sangha on the 23rd ultimo. Except in the case of two men no one else spoke for it.

Enclosure No. 1

Forwarding his report on the enclosed
memorial sent by the members of the
Vanhitula Kshatriya Sangha praying for
grant of 70 acres of land in the M. P. District
for cultivation.

The memorialists are not right in saying^x that a large quantity of sewage water is constantly running in the main drain; on the other hand we experienced great difficulty for want of water in summer and we are hardly able to irrigate 3 to 4 acres.

The whole area of the Farm is required for seed production and demonstration purposes. The Farm has been doing very useful work in trial cultivation of new crops and has introduced several high yielding and superior crops such as Rhodes grass, Guinea grass, Elephant grass, American Maize and Sugar corn, Russian sunflower, Canadian wonder French Beans, Kentucky wonder, Runner Beans, Clovers, Florida velvet Beans, and several other plants of economic importance. The Farm is not only fully self supporting but also paying Government a net income of ~~about~~ ^{Rs.} 2000/-^{per} year. If the water supply is improved by extending the pipe line to Bamboo Bazaar, the farm would become a very profitable concern. If 70 acres are given away to the memorialists, only 10 acres will be left for departmental work. This small area will be insufficient for experimental purposes and rotation of crops

Immediately to the north of the Farm a new extension has been planned by the Civil and Military Station --- authorities and the City will extend in a few years up to the western limits of the Farm. And indiscriminate use of water by these numerous gardeners will be a source of danger to the health of the surrounding area. This agitation for land in the Sunkal Farm has been started after the farm has been levelled, drained and laid out at an enormous cost to Government. When the gardens which existed in the southern portion of the Cubbon Park were

This question is

by the Memorial-
ists.

were acquired, the owners were offered land in exchange on the Eastern side of the Sunkal Farm but they preferred to take cash so that they may select their own land. The working of the farm will become an impossibility if the grant of land prayed for is given to the memorialists. Giving this area in the Farm to some Tigalars will not solve their difficulty entirely. A large area of land within a radius of about 10 miles should be selected and a horticultural suburb formed for settling these people.

I have the honor to be,

Sir,

Your most obedient servant,

V. C. Javara.

(Through the Superintendent, Lal-Bagh)

Bangalore.

Sir

We, the undersigned, members of the Mysore Vanhikula Kshatriya (Thiglara) Sangha, residing in the Bangalore City, beg to bring to your notice that our people had owned garden lands round about this City and these, in process of time were, one after another, acquired for the City improvements. In consequence of this, most of us are without gardens which were the sole means of our livelihood. About 3 or 4 years ago, we brought these grievances in the Representative Assembly and in the Birthday session of 1926, you were pleased to say that Govt. have noted the matter for consideration.

2.. In the year 1924, a member of our community, Mr.S.Munivenkatappa having brought a proposition before a meeting of the City Municipal Council for the grant of the land of Sunnakal Farm at Bangalore for vegetable gardens, the council passed a resolution that 70/- acres out of the total extent of land in the Farm be made over to the Municipality for being leased out to bona fide cultivators, subject, however to a ~~xxxx~~ decennial revision of the lease amount. But nothing definite has yet been done in the matter.

3. In this connection, we have one objection to urge. It has since been ascertained by us that there is a stratum of hard rock below the bed of the Sunnakal tank and that it is altogether a useless attempt to sink in it deep wells without which garden cultivation is an impossibility, water being absolutely necessity therefor. As there is a large quantity of sewage water constantly running in the main-
drain

maindrain which runs through the Sunnakal Farm, we beg that orders be issued for permitting us to utilised this water for our garden cultivation and for granting the lands on permanent tenure instead of being leased out, as a temporary tenure is not calculated to create any interest in the holder for bringing it to a state of perfection.

4. There are amongst us more than 60 members who surrendered their garden lands under land acquisition proceedings and are suffering hardship for want of lands. As these are too poor to take up large ~~extents~~ extents, we request that each member may be given not more one acre of land out of the 70 acres referred to above.

5. Soliciting the favour of early orders.

Dear Sir,

With reference to your letter No.D.8024/C.G.66-26-2 dated 19th March 1927, forwarding for my opinion letter No.1557 dated 15th February 1927, from the Superintendent, Government Gardens, in connection with the Vanhikula Kshatriya Sangha's application for land in the Sunkal Farm, I beg to state that it would be a very retrograde step to break up this Farm. It serves an urgent need in the development and distribution of horticultural crops and experiments with economic plants generally, and in addition bringing the State an income. Further now that the Horticultural School has been reopened and several qualified men appointed who can take up economic work, and I have better opportunities to push economic work in the Districts, I am anxious that the farm should be made still fuller use of for this purpose.

The correct disposal of the sewage would be an impossibility if left to a number of Tigalars, and the farm would in a short time become sewage-sick, apart from the sanitary ~~ill~~ ^{ill} effects that would result to the neighbourhood.

In the letters quoted by the Superintendent, Government Gardens, I have stated the case on several occasions, and the present application seems to be a repetition of the previous agitation in another form ~~imagined~~ ^{engineered} by the same persons. On all counts therefore the alienation of any lands from the Sunkal Farm is impracticable and would prove detrimental.

Yours Sincerely,

Sir,

With reference to the question of settling the Thigalars of Bangalore on new lands in the vicinity of the City, a petition to which effect was sent to this office by the Chief Secretary to Government with his D.O. letter No.1592/Cb. dated 15th August, 1927 I have the honour to state that I have on various occasions for the last 15 years selected lands and discussed the matter with the Thigalars. The first proposal to give them on long lease the southern part of the Sunkal Tank Farm was not accepted by them because there was no water at that spot. The second site of suitable lands between Mysore and Magadi road and beyond the Binny Mills was also rejected by them and a third location which I inspected with some of the Thigalars and the late Mr. Subbaiya on the Kanakanahalli road was not approved off either and the Thigalars at that time preferred to receive money for their lands and be allowed to find their own lands. Most of these sites, apart from the fact that the Thigalars did not approve of them, are not now available. I have now inspected with a deputation of thigalars the lands lying below the Sunkal Tank Farm up to the Hosoor road, through which the main drainage channel goes. They unanimously approve of this block and in addition to which they ask for the lands below the Koramangala Tank where Mr. Garudachar

owns some 500/- acres which he is willing to dispose off. I consider that ~~these~~ ~~these~~ these lands are the only ones suitable for these Thigalars. Mr. Garudachar has expressed his willingness to hand over the lands if acquired: but there is a question as to whether the land between the Sunkal Tank Farm and the Hosoor road can be acquired under the present act. I believe that this can be done when it is considered that the present thigalars' gardens within the City limits are acquired for the public purpose and that the thigalars must be in the vicinity of the town so that it is actually necessary to acquire lands for them in such vicinity. These lands below the Farm have also a great advantage apart from being close to the City in as much as the surplus sewage can be given to the Thigalars and can be distributed under some control and in a sanitary manner. If difficulties in the acquisition arise, I would propose that these lands be acquired for the Sunkal Farm on the ground that more lands are absolutely necessary for the efficient disposal of the sewage after the whole City is connected up. On this ground there can be no difficulty in acquiring the lands. It would then be possible to lease out these lands on long lease to the Thigalars making due provision for the correct disposal of the surplus sewage. After the long lease has expired, it will be open to Government ~~to~~ ~~xxx~~ on the experience gained to sell the lands to the Thigalars outright.

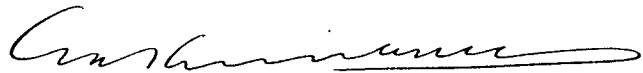

In the immediate vicinity of these lands there are also dry grounds which are very suitable for the layout of proper Thigalar Village on correct sanitary lines and ~~is~~ on the whole. I repeat that the acquisition of these lands is the only practical way of solving the Thigalars case. I am asking the Revenue Department to supply me with the necessary maps when I could show the actual extent of the lands, the position of the village etc. etc. and meanwhile I request that Government may be pleased to decide whether the lands can be taken up ^{under} ~~in~~ the Acquisition Act and be given to the thigalars outright or whether they had better be acquired for the Sunkal Farm.

Estimates in the meanwhile will be prepared and final orders will then be given to the Acquisition officer through the Municipality. There are still large areas of gardens within the City limits and it would be a sound undertaking if the Municipal Council acquire these outright by giving land for land to the thigalars in the new proposed area. the sale of the present gardens of the within City limits would amply ~~repay~~ repay the outlay on the area to be newly acquired.

I have the honour to be,

Sir,

Your most obedient servant,

Sir,

As the land available in the Sunkal Farm is not now enough for the efficient disposal and utilisation of the Sewage, I have the honour to state that it is absolutely necessary to extend the Farm. For this purpose all the lands lying below the Sunkal Tank up to the Bannerughatta road and from there to the Hosur road will have to be acquired for the Farm. I have not been able to get the plan of these lands to demarcate exactly what area might be taken up. But as the area is very limited, I request that all the lands under the levels of main channel may be -- taken up. I shall be glad to meet you or the Amildar and if so desired to discuss the details. The matter is however urgent and I request -- you to make an early arrangement for the acquisition.

B a n g a l o r e.

Sir,

G. G. 66-26-13,

Subject:- Acquisition.—Extension of Sunkal Farm,
Bangalore Taluk.

With reference to your letter No. Camp. D.62-GG 66-26-12 dated 1st June 1928 on the above subject, I have the honor to submit here with the connected records ending with report No. H.O. 1426 27-28 dated 18th June 1928 from the Amildar, Bangalore Taluk and draft notifications in duplicate under sections 4 and 5 (1) of Land Acquisition Regulation and to request that the notification may kindly be caused to be published in the Gazette and the record returned to me for further action.

The proposals are sent up at the instance of the Director of Horticulture with whom I went over the area proposed for acquisition. The Director has also signed the enclosed plan in attestation of its correctness.

The question of acquiring the tillage site of Lakhsai marked yellow in the sketch, is proposed to be deferred by the Director, on account of the enormous cost it involves.

The Assistant Commissioner in charge of Bangalore be authorised to hear objections, if any, in the case of 5 (a) of the Land Acquisition Regulation.

P.T.C.;

... filed, I have the honor to request to send 20
... of the notification for publication in the locality.

I have the honor to be,

Sir,

Your most obedient servant,

S. M. Heblkar

Deputy Commissioner,

Bangalore.

REV. SECRETARY
1288
1 AUG. 1928
DEVELOPMENT DEPARTMENT

With reference to your letter No.D.11/G.G.66-26 dated 3rd July 1928 on the above subject, I have the honour to state that it is reported by the Amildar that the compensation including the Statutory provision of 15% would come to about Rs 32,650/-. The actual cost can only be determined after the acquisition proceedings are taken. As regards the rent realisable from these lands the Amildar reports that dry lands if leased may yield ^{a profit of} on the average Rs 5/- and Rs 10/- per acre and wet and bagayat lands ~~from~~ Rs 10/- to Rs 15/- per acre per year. I think the Director of Horticulture would be able to better advise on this point.

2. The entire records ending with Bangalore Sub Division Officer's No.B1-725/27-28 dated 3rd August 1928, are enclosed for favour of reference.

I have the honour to be,
Sir,
Your most obedient servant,

GEN. & REV. SECY.
15 JUNE 1929

No.05-L.6348/28-29.

Office of the Deputy Commissioner,
Bangalore District,

Bangalore, the 11th June 1929.

From

T. Abdul Khader, Esq., B.A.,
Deputy Commissioner, in charge
Bangalore District

To

B. Narayanaswamy Iyengar, Esq., B.A., B.L.,
General Secretary to the Government of
Mysore, Bangalore.

Sir,

Adverting to Government Order No.D.11811-15/G.19-66-26-21 dated 15th May 1929 sanctioning the acquisition of lands in Audugodi village, Begur Hobli, Bangalore Taluk for the extension of Sunkal Farm, I have the honour to forward herewith a copy of the Bangalore Sub Division Officer's letter No.B1-728/27-28 dated 6th June 1929 and to state that declaration statements have not as yet been published in the Gazette. The Government have directed in their order No. noted above that an award of may be passed and payment made to the parties before the close of the current official year so that the sanctioned amount may not lapse. As there remain only 19 days in the current official year and the declaration statements under Section 17 have not yet been published, I think it is not possible to complete the proceedings and draw the amount before the close of the current official year. The Compiler, Mysore Gazette, may, however, be requested to publish the declaration statements in the Gazette as early as possible.

I have the honour to be,
Sir,
Your most obedient servant,
